"One of the many things I love about *Gutenberg! The Musical!* is watching the audience smile their way through the show. Especially when they laugh at a lighting cue. (Yes, lighting can

be funny.) Working on this show has been a blast every step of the way, in large part due to the phenomenal team and our incredible vendor partners, not the least of which is City Theatrical, who has been supporting designers for decades. We, as an industry, would not be where we are without them."
