

QolorFLEX®

QolorFLEX Connect 10 is a practical and time saving solution for managing the multiple wire runs and numerous connections needed for large scale LED tape installations in entertainment and architectural projects.

Developed to complement QolorFLEX 5-in-1 LED Tape, **QolorFLEX Connect 10** is a “plug-in box” that connects up to nine runs of five, four, three, dual, or single color LED tape to a QolorFLEX low voltage dimmer.

Each **QolorFLEX Connect 10** uses 10 six position detachable Phoenix terminal block connectors to become a central component in a full system of QolorFLEX LED Tape, Dimmers, and Accessories, and achieve a quick and well-ordered LED tape installation.

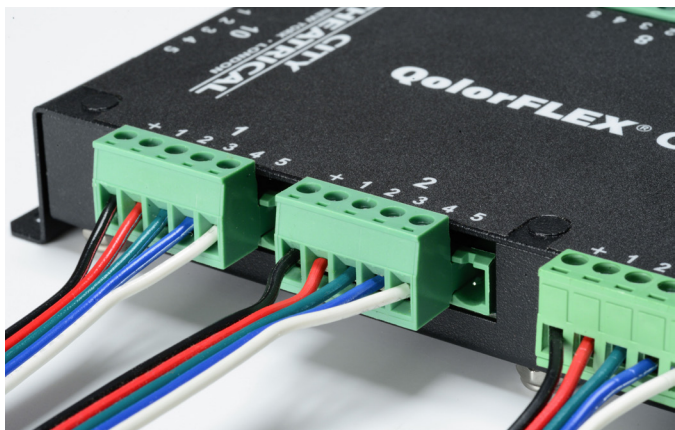

QolorFLEX Connect 10 uses 10 six position detachable Phoenix terminal block connectors to achieve a quick and well-ordered installation.

SPECIFICATIONS:

Physical		
Length	203mm	(8.0 in)
Width (including connectors)	104mm	(4.1 in)
Height	30mm	(1.2 in)
Weight	0.45kg	(1.0 lbs.)
Construction	Nema 4 IP 20 steel enclosure	
Terminal Type	10 six position detachable Phoenix terminal block connectors, female	

Electrical	
Maximum Current per Device	40A
Maximum Load per Terminal	20A

Product Information	
Use Environment	Indoor
Warranty	One year

Other Phoenix terminal block connectors, such as five position, are also usable with QolorFLEX Connect 10.
