

Custom Projects: Solving Designer Challenges

City Theatrical has a beautiful 40,000 square foot manufacturing facility in Carlstadt, New Jersey, USA, just across the Hudson River from midtown Manhattan. Our factory is filled with computerized production machinery and skilled product developers, fabricators, and assemblers. Besides our catalog products, we presently produce a wide range of custom parts for designers and end users in the entertainment and architectural industries.

Our in-house capabilities include:

- Sheet metal fabrication, including:
 - High volume stamping
 - Fiber Laser
 - CNC punching
 - Bending
 - Welding
- Metal spinning
- Powder coating
- Electromechanical assembly and testing
- 3D mechanical design
- LED Tape cutting and soldering
- Custom low voltage dimmer boxes for indoor and outdoor LED tape projects

Let us help solve your design challenges.

We offer fast turnaround production of custom parts and our City Theatrical guarantee of high quality with every order.

Tell us more about your project and we will be happy to help come up with a custom solution to satisfy your project needs.
